**INNOLOG Supports prime winner of
U.S. Coast Guard Logistics Support Contract**

(McLean, VA) – Innovative Logistics Techniques, Inc (INNOLOG) will be supporting the prime winner of the U.S. Coast Guard Logistics Support contract. We will have a subcontracting role with LMI Government Consulting to provide logistics planning and support services for the United States Coast Guard Logistics Directorate at USCGHQ and selected field sites. The period of performance will be five years.

The objective of this contract is to perform systems/data/processes analysis, risk management, supply chain assessment, maintenance program analysis/assessments, integrated logistics support, inventory analysis and acquisition, life cycle management support, and transportation management.

“The U.S. Coast Guard is an important new customer”, says Mr. Hammond “and I am particularly pleased to be aligned with a highly regarded logistics organization such as LMI.”

About INNOLOG

INNOLOG is a leading integrator of logistics systems for homeland security, defense and state and local government agencies. INNOLOG provides proven logistics management processes and technology to ensure the secure end-to-end deployment of precisely the right mission critical materiel and personnel to the right location at the right time.

Customers include the U.S. Army, U.S Navy, Department of State, Transportation Security Administration, and other defense and civilian agencies in federal, state, and local government. INNOLOG’s senior management team has a diverse background in management, logistics and technology and includes several retired high-ranking Army,

Navy and Coast Guard officers with a combined 150 years of military logistics management experience. INNOLOG, founded in 1989, is privately held, has several locations worldwide, and has an impressive record of performance and growth as a successful minority business enterprise. Headquartered in McLean, Virginia, INNOLOG can be found on the Web at www.INNOLOG.com.
