

NEWS RELEASE

For Immediate Release:

March 7, 2007

**INNOLOG Supports Two prime winners of the
Field and Installation
Readiness Support Team (FIRST) Contract**

(McLean, VA) – Innovative Logistics Techniques, Inc (INNOLOG) will be supporting multiple prime winners of the Field and Installation Readiness Support Team (FIRST). We will have a sub-contractor role with both CACI (as a full and open winner) and SRI (as a small business winner). The Contract is a 5-year, Indefinite Delivery/Indefinite Quantity (IDIQ) contract that will support a variety of Army installations both CONUS and OCONUS.

FIRST is an Army IDIQ contract vehicle that will allow Army customers with logistics requirements to obtain services to meet those needs. These services include Program Management and Operations, Logistics Information Technology, Logistics Transportation and Supply Support, Installation Directorate of Logistics Support, Maintenance Support, Support for Centrally Managed Programs and Logistics Enterprise System Support. The objective of FIRST is to provide innovative and responsive logistics support to meet the evolving mission needs of the war fighter. The Scope of Work provides Task Areas that define functional and programmatic services that may be required by Headquarters Army Material Command (AMC); Headquarters, Forces Command (HQ FORSCOM); Headquarters IMA (Logistics); Headquarters, U.S. Army Reserve Command (HQ USARC); Headquarters, ARCENT Third U.S. Army and Headquarters, U.S. First Army, and all other Army or DoD Agencies, CONUS/OCONUS authorized to place orders against FIRST contracts. Services may be required in CONUS or OCONUS locations. Specific requirements and standards of performance will be provided in each Task Order.

“We are fortunate to be in a position to support both a large and small prime for this important Army recompetete” says Mr. Hammond. “This win (along with other strategic

Army contract wins) will certainly provide us with a strong platform from which to continue to grow our Army business base. “

About INNOLOG

INNOLOG is a leading integrator of logistics systems for homeland security, defense and state and local government agencies. INNOLOG provides proven logistics management processes and technology to ensure the secure end-to-end deployment of precisely the right mission critical materiel and personnel to the right location at the right time.

Customers include the U.S. Army, U.S Navy, Department of State, Transportation Security Administration, and other defense and civilian agencies in federal, state, and local government. INNOLOG’s senior management team has a diverse background in management, logistics and technology and includes several retired high-ranking Army, Navy and Coast Guard officers with a combined 150 years of military logistics management experience. INNOLOG, founded in 1989, is privately held, has several locations worldwide, and has an impressive record of performance and growth as a successful minority business enterprise. Headquartered in McLean, Virginia, INNOLOG can be found on the Web at www.INNOLOG.com.
