### **INNOLOG RECEIVES REGISTRATION TO ISO 9001:2000**

(McLean, VA) – Innovative Logistics Techniques, Inc. (INNOLOG), a leading integrator of logistics systems for homeland security, defense and state and local government agencies, proudly announced its receipt of a Registration Number; a unique, internationally recognized designation that identifies INNOLOG as a company registered to ISO 9001:2000 (with Design). The ISO 9000 series of documents is a globally recognized Quality Management System (QMS) framework. ISO 9001:2000 is the standard that specifies auditable requirements for international certification and validates a company's commitment to quality.

"We are very proud and excited to receive certification to ISO 9001:2000," says Verle B. Hammond, President and CEO. "The ISO 9001:2000 processes will significantly improve our ability to consistently provide the best products and technical services to our customers and firmly demonstrates our commitment to utilizing best in class practices." INNOLOG's Quality Manager, Andre Leassear adds, "INNOLOG's registration to the ISO 9001:2000 standard will provide a clear competitive advantage as well as ensuring all key corporate processes are constantly driven towards continuous improvement." INNOLOG remains committed to quality and providing premier logistics management processes and technology to our customers with proven cost-reduction, productivity, and the highest value in clear, efficient and user-friendly ways.

#### **About INNOLOG**

INNOLOG is a leading integrator of logistics systems for homeland security, defense and state and local government agencies. INNOLOG provides proven logistics management processes and technology to ensure the secure end-to-end deployment of precisely the

right mission critical materiel and personnel to the right location at the right time. Customers include the Transportation Security Administration, U.S. Army, U.S. Air Force, U.S. Coast Guard, U.S. Navy and numerous other defense and civilian agencies in federal, state and local government. INNOLOG's senior management team has a diverse background in management, logistics and technology and includes several retired high-ranking Army, Air Force and Coast Guard officers with a combined 150 years of military logistics management experience. INNOLOG, founded in 1989, is privately held, has 29 locations worldwide, and has an impressive record of performance and growth as a successful minority business enterprise. Headquartered in McLean, Virginia, INNOLOG can be found on the Web at [www.INNOLOG.com](http://www.INNOLOG.com).
